Pockets:

4

Body:

BALLISTIC 450D RE

100% Polyester (Recycled)

Bottom:

BALLISTIC 450D RE

100% Polyester (Recycled)

The 2 in 1 is an amazingly versatile piece of luggage. The shoulder straps can be unfastened at the bottom and stowed away, turning the day pack into a shoulder bag or briefcase. The main compartment offers plenty of space for a laptop and documents, and smaller items can be stashed in the pouches and zipped pockets. For smaller items you need to keep handy, there's room in the front patch pockets. The water repellent zips provide protection from rain, has a cool design with reflective detailing, and the main fabric is sustainably made from recycled materials.
